Town Manager stated yes that Dylan is doing some price checking and we have roughly \$60K in savings as we have been putting money away for this, knowing it was coming.
3. **Oakfest 2026:** The Town Manager informed the council that a committee has been put together for this event, and we have our first committee meeting next week. She also informed the council that the car show will be Saturday, July 25 as we had the car show being advertised in the New England Car show book.

5. **2025 Death Report, Town Report Dedication and Spirit of America Award:** The Town Manager provided the 2025 report of deaths of Oakland residents to the council. This report will be in the 2025 Town Report. Also, it is time to think about the dedication for the Town Report and as a recipient for the Spirit of America Award. She stated that last year the Town Report was dedicated to Town Clerk Janice Porter who had put in 47 years of service working for the town. She would like to have some suggestions on whom we should dedicate this year's report to as well as names for the Spirit of America Award.
- 6.
- The Town Manager also stated that the budget is approximately 95% done. She then asked the council what direction they would like to take regarding the 3rd party requests. She stated that there is approximately \$22,000 in requests and there is a \$400,000 increase to the budget this coming year as it stands now. The increase is due to health insurance, P & C Insurance, Delta Ambulance and general increases in costs and goods. She stated that we are not able take as much from the fund balance as we must keep 10% of our expenses in reserve.
- Regarding the 3rd Party Request Councilor Michael Perkins stated we should omit the request for this year. Councilor Dana Wrigley stated that Delta Ambulance would be \$60.00 per capita and this year it is \$35.00 per capita. Councilor Robert Nutting stated there should be no discretionary spending this year. Resident Michelle Fontaine stated residents should be able to give to the agencies that they would like to contribute to.
7. **Discontinuation of the Penny:** The Town Manager informed the council that the town would either have to round up or down- giving the residents their change back if paying in cash. She stated that we need to come up with a process when pennies are involved. We could have the citizen decide to put the 2¢ or whatever the amount be into a fundraising effort such as the Memorial Hall Fund, Oakland Food Bank, or some other town project or committee. Councilor Robert Nutting suggested that maybe we round up and/or do a different fund to contribute to each month. Councilor Kelly Roderick suggested that we make a poster informing the taxpayers of the shortage and the options that they would have.

It was also noted that the Pond Road is a State Road.

Councilor Dana Wrigley made a statement regarding the dam removal. He stated that he was very concerned that if taxpayers who are employed at SAPPI start to lose their jobs and cannot afford to pay their property taxes this would be a big problem for the town. He suggested that we have Kim Linloft of the Mid Maine Chamber come to speak to the council at a future meeting with some insight into this situation. The Town Manager also stated that there are many individuals writing letters against such removal of the dam. Councilor Robert Nutting state that the Dam is going to an LLC and that SAPPI is getting involved with such.

Councilor Michael Perkins asked if we could have a porta potty at Mcgrath Pond in the wintertime for ice fishing, etc. Town Manager will look into this. Also, he asked if we could put some rocks at the overlook as there have been some vehicles that have gone into the ditch and have had to be pulled back onto the road by a wrecker. He also suggested that regarding the scale at the transfer station there should be an overhang so the ice would not build up. Town Manager stated that the Transfer Station Manager had also made the same suggestion.
